LSASP (Lifetime Statistical Analysis Support Program)

Dear Academicians/Researchers/Students,

The Institute of Applied Statistics pleased to announce the launching of LSASP (Lifetime Statistical Analysis Support Program) on 01st November, 2021 is now available on official website of Institute of Applied Statistics. Interested candidates are invited to register via our official website: www.iasdcs.com

The Institute of Applied Statistics has launched this program called LSASP (Lifetime Statistical Analysis Support Program) whereby postgraduate student of various medical/dental/nursing and paramedical college/university can get support to do all statistical analysis related work in an easy way.

The LSASP Member who found himself/herself unable to do statistical analysis throughout his/her study can directly get solution from the statistician of Institute of Applied Statistics without pay any fees. The LSASP member will get an additional benefit of 05% discount on all other services offered by Institute of Applied Statistics.

We are going through uncertain times and as we look ahead to what the future might hold, critical thinking and statistical analysis will be key skill set. That's the main scenario to launch this program and that's why we are here to help.

“Become a LSASP Member of Institute of Applied Statistics and become stress free from statistical analysis throughout your carrier.”

About Institute of Applied Statistics:

Institute of Applied Statistics (IAS) is corporate division of the DCS Pvt. Ltd. It is a prime Institute that serves the upbringing of human resource development in Statistics. The Institute of Applied Statistics conducts training on statistical tools and methodologies to the various professionals all over the country. Besides, the institute carries out participates in multidisciplinary research activities.

Institute of Applied statistics facilitate and organize International/National/State/Institutional level training programs for researchers and academicians. Institute of Applied statistics provide the Governments and private sector with necessary consultation regarding training, designing and conducting surveys & research. Besides, the institute provide consultancy for statistics, research and management, study design, sample size estimation, data collection, data processing, Data analysis, custom database and survey programming, survey development, sampling design, online data collection, mathematical modeling, computational algorithm and project report writing, consultancy and advice in designing, developing research studies to get an insight into the needs and aspirations of their customers.

In the past 2 years Institutes severed his services to more than 10000 doctors in all over the country. More than 100 onsite training programs organized by institute of Applied Statistics in different medical college across the country. During this tough pandemic of Covid-19 we provided 6 international virtual training programs.

In this financial year Institute of Applied statistics developed a LSASP Membership to make stronger relationship between the health professional of any medical/dental/nursing and paramedical college/university and us. The distinctive mission of the institute is to connect with like- minded researchers, professors, academician, statistician who share common interest in your section.

LSASP Member Benefits Include:

- Sample Size Calculation for your Research Study.
- Study Design Selection for your Research Study.
- Developing Sampling Plan for Study
- Data Cleaning
- Data Mining
- Data Coding
- Tabulation & Graphical Presentation of Data
- Descriptive Analysis of your Thesis/Paper/Project.
- All Basic Statistical Analysis (Like Testing of Significance: t-test, z-test, chi-square test, ANOVA Test etc.)
- All Types of Correlation Analysis.
- All Regression Analysis (Multivariate, Bivariate, Univariate, Logistics, Poison etc.)
- Sensitivity Analysis (Sensitivity, Specificity, Positive Predictive Value, Negative Predictive Value, Positive Likelihood, Negative Likelihood Ratio, Accuracy, ROC Curve)
- Agreement Analysis (Observed Agreement, Kappa, Weighted Kappa etc.)
- Reliability and Validity Analysis (Cochran alpha and Inter-Class Correlation)
- Time Series Analysis (Moving average, Exponential smoothing, and ARIMA)
- Factor Analysis/ Discriminant Analysis/ Principle Component Analysis.
- All Vital, Fertility, Morbidity, Mortality, Hospital Statistics.
- Meta-Analysis (Funnel Plot, Forest Plot, Galbraith Plot etc.)

Additional Benefits:

- Each LSASP Member get 05% discount on all workshop/seminar/webinar/conferences organized by Institute of Applied Statistics.
- Each LSASP Member get 05% discount on all writing services offered by Institute of Applied Statistics.

**(Terms and conditions contained in ANNEXURE-I shall be applicable for all services provided under LSASP Membership, unless specified otherwise in the service)*

Who Should Join?

Any health professional from medical/dental/nursing and paramedical college/university.

Membership Dues:

The Membership is based on Lifetime Subscription. Each interested candidate will be billed ₹ 9999/- (Including 18% GST) once.

Availability of Membership Slots & Registration:

- The number of membership slots are limited to only 1000 slot, and registrations will be handled on a first come – first served basis. Therefore, register early to confirm your slot.
- The deadline for Membership Registration is Monday 25th March, 2022 or closed before as per availability of slots.
- Membership Applications are invited only through Online-Mode. For more information regarding registration please go through our official website: www.iasdcs.com

Membership Activation & Start of Work:

- On successful registration and fee payment, the candidate received a confirmation mail from Institute of Applied Statistics within 24 hours of the payment received against registered applicant.
- The Membership Id and Certificate will be generated and send via email to the registered applicant within 30 days after the fee payment confirmation.
- After become a successful member of Institute of Applied Statistics family the Institute of Applied Statistics will ask some relevant information of member like study area, domain & college etc. to maintain database as per educational category.
- All Statistical Analysis work for the registered members will start from the start of the financial year with effect from 01st April 2022.

Thanks with Regards

ANNEXURE-I (Terms & Conditions)

Here we are mentioning some terms and conditions before accepting your project as we focus on quality of work without any further disputes. The terms and conditions are as follows:

1. Each LSASP Member is restricted to avail the membership benefits for his/her own research work.
2. Division of your project into various parts according to the required need.
3. After the completion of the first part (Data Mining, Data Cleaning and Data Coding) of your project, you will be forwarded with the details and asked for cooperation of checking and also for the necessary changes required (if any) with a proper response within 2-5 days.
4. After finalization of your first part there will be no change accepted in same data set.
5. The total project duration for Statistical Analysis is 15 days after the finalization of your first part.
6. There will be only three alteration like table formation, table designing, graph designing etc. allowed in a single project work.
7. A proper information regarding the closure of project will be given and you will be asked to inform about the necessary changes in your work (if any) via email within 7 days.
8. Each LSASP Member may avail membership benefits up to 3 Research Project in a single financial year for lifetime.
9. In case of a dispute between the clients and the company, the final decision will only be taken by the Director which is authorized to be followed.
